

## **Fabulous Frank**

### **Me and My Shadow.**

#### **Duet Dave A and Steve then add Brian**

Like the wallpaper sticks to the wall

And like the seashore sticks to the sea

Like you'll never get rid of your shadow

You'll never get rid of me

Let all the others fight and fuss

Whatever happens, we've got us

Me and my shadow [ Closer than pages that stick in a book, we're closer than ripples that flow in a brook]

Strolling down the avenue [ Wherever you'll find him, you'll find me just look, closer than a miser , all the bloodhounds turn eyes on me]

Me and my shadow [ closer than music in sweet harmony, closer than doves on the branch of a tree]

Not a soul can bust this team in two, we stick together like glue

And when its twelve o'clock [ **All men** Here come the boys]

We climb the stairs [ **All men** Without a noise]

We never knock [ **All men** What a surprise]

Cos nobody's there

Me and my shadow [And not to repeat what I said at the start, they'll need a large crowbar to break us apart.]

We're alone and far from blue

Before we get finished we'll make the town roar.

We'll hit a few late spots and then a few more

We'll start out at Shakeys and maybe Grouchos

Life is gonna be wow wow wee.

For my shadow and me

### **Fly me to the moon**

#### **All men**

Fly me to the moon and let me play among the stars.

Let me see what spring is like on Jupiter and Mars

In other words hold my hand

In other words darling kiss me

Fill my heart with song and let me sing forever more

You are all I long for, all I worship and adore.

In other words please be true. In other words I love you

### **I've got you under my skin / Nice and Easy**

I've got you under my skin

Let's take it nice and easy

I've got you deep in the heart of me  
It's gonna be so easy  
So deep in my heart you're really a part of me  
Nice and easy  
I've got you under my skin  
I'd sacrifice anything come what might  
For the sake of having you near  
In spite of the warning voice that comes in the night  
And repeats and repeats in my ear  
Don't you know little fool, you never can win  
Use your mentality, wake up to reality  
But each time I do just the thought of you  
Makes me stop before I begin  
Cos I've got you under my skin  
Cos I've got you under my skin

### **My Way**

### **Solo Ken**

And now, the end is near, and so I face the final curtain  
My friend I'll say it clear, I'll state my case of which I'm  
certain

I've lived a life that's full, I've travelled each and every highway

And more much more than this I did it my way

### **All men**

Yes there were times, I'm sure you knew

When I bit off more than I could chew

But through it all, when there was doubt

I ate it up and spat it out

I faced it all, and I stood tall and did it my way.
